

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each and every global business. Transporting industrial goods happens each day on our busy planet. Originally innovated as industrial vehicles in the 1930s in America, forklifts gained recognition after WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these equipment spread internationally.

In nineteen forty nine, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Now the company is simply referred to as TCM Corporation. Over the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation in the industry. TCM began building forklift manufacturing locations outside of Japan during the 1980s and is now engaged in lift truck manufacturer at three foreign factories in Chine, the United States and Europe.

TCM proudly makes several models of industrial lift trucks with more than 50 years of accumulated technology and expertise, making their products recognized and used all over the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading company.
