

Rockwell Part

Rockwell Parts - The company of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for quality, service, technology and delivery. They believe in working in an atmosphere that encourages the utmost integrity with empowered teamwork, combined with a unrelenting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively using principals of environmental safety and stewardship in how they do business. The company has put different programs in place so as to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with any questions or comments, since they are happy to promote and share this policy with a greater knowledge of their efforts. They are extremely committed to improving and preserving the natural world. AxleTech has an EHS program which not only protects the environment but which even actively protects their workers and neighbors also.

AxleTech specializes in the manufacture and designing of planetary axles utilized for both military and commercial applications, that may consist of anything from airport ground support to construction equipment. They take great pride in being an innovative drive-train solutions provider as well. AxleTech particularly designs axles to meet particular application demands. They have over 1000 various axle specs within their present offering. With more than one hundred years of skill and history, AxleTech proudly supplies the most complete solution for whatever of your axle requirements. The company is well known in many military and commercial applications. They offer complete axle assemblies utilized for aftermarket replacement needs, along with servicing axle requirements for OE production. Their high mobility ISAS have added details that could be seen in the "ISAS" product selection.
